EDUCATION

University of Washington, Information School

Bachelor of Science: Informatics

Seattle, WA

Expected Dec. 2026

WORK EXPERIENCE

TalentBloom

Analyst

Bellevue, WA

Oct 2025 – Present

- Oversaw **92+** program-wide milestones and **35+ RAID** items in Smartsheet, enabling leadership to **monitor program health, dependencies, actions, and progress** for a global airline integration.
- Supported cutover training logistics for a passenger project, aligning **3 stakeholder** groups per station ahead of go-live.
- Coordinated **daily** with **cross-functional teams** to drive action ownership and resolve risks and issues.
- Directed development and refinement of a training slide deck, enabling support for **32** station leaders ahead of cutover.
- Facilitated **weekly program health reviews**, documenting decisions, owners, and paths to green.

ADAPT Lab

Research Assistant

Seattle, WA

July 2025 – present

- Spearheaded **end-to-end planning & execution** of **7** participant recruitment initiatives to meet recruitment milestones.
- Analyzed Instagram ad engagement and Qualtrics survey completion data to **iterate** and design **new messaging strategies**.
- Drove in **12K+** impressions on Instagram, **255** candidates overall, and **83** qualified candidates in **1.5** months.

Hunch Studios

Content Intern

Seattle, WA

July 2025- Sept. 2025

- Independently managed **end-to-end production lifecycle** for **34** videos, including planning, execution, & iteration.
- Executed experimentation cycles (format + messaging) tracking performance metrics to inform prioritization decisions.
- Delivered initiatives that achieved **73K** views within **4 weeks**, validating hypotheses through data-driven iteration

YouTube

Dec. 2021 – April. 2023

- Managed end-to-end production lifecycle for **72** YouTube videos & streams, including **planning, execution, & iteration**.
- Coordinated **collaborations** with external creators, **managing timelines, deliverables**, and publishing schedules.
- Monetized **55%** of content through video advertising, generating **\$2,300+ in revenue** via Google AdSense.

PROJECTS

TuitionBud AI | R, Figma, Canva, Notion

April 2025 – May 2025

- Drove **project planning and execution** for a Chrome extension AI chatbot supporting college search, coordinating a **5-person** team across **meetings, timelines, and deliverables** to complete the project within a **6-week timeframe**.
- Developed **3 personas**, mental models, identify terminology gaps, and information barriers to **support project execution**
- Directed **feature prioritization** and **scope management** to align team efforts with project goals
- Cleaned datasets for **270+** colleges using **R** to support AI-powered responses, collaborating with technical teammates.
- Researched competitor analysis to highlight TuitionBud's value proposition and delivered a **case presentation** to **30+**.

FashionForward | Figma, Miro, Azure DevOps

March 2025 – June 2025

- Conducted research to identify **requirements** to design systems for a platform that met user and organizational goals.
- Synthesized input from **7 cross-functional stakeholders** into ecosystem map and a statement defining platform needs.
- Mapped needs to **6 epics, 4 OKRs, and 37 user stories** with acceptance criteria to support prioritization and execution.
- Used **Azure DevOps** to support backlog organization, formatting, and delivery planning.
